This week has been such a busy and brilliant final week to this half term! This week we have been busy exploring careers and future aspirations through our Opening Minds Week with the title of World of Work. This week we have welcomed to school a whole range of visitors as well as classes going offsite for trips to different businesses. This week children across the school have met vets, podiatrists, engineers, police women, nurses, dog trainers and marketing managers. I am hugely appreciative to all of our visitors, particularly parents who volunteered their time to support our careers week. Children have also enjoyed trip to Madley Satellite Station and the Courtyard Theatre where they saw what happens behind the scenes.

Celebration Assembly today was filled with farmers, astronauts, mechanics, vets, scientists, doctors, pilots, artists and so many more professions. It was wonderful to celebrate the end of this successful week with children

dressing up as who they would like to be when they are older. Year 1 delivered a showcase this morning all about potential which was a very fitting way to end the week. We are a school full of children with endless potential and I hope this week has inspired children to work hard, dream big and achieve their very best!

I also had the pleasure this week of going to the School Games Awards with Miss Exley and two of our Sports Ambassadors. At this, for the 2nd year running, KTPS was awarded platinum - the highest level of award a school can get. I am incredibly proud of the sports provision at Kingstone and am pleased that the school's commitment to PE and keeping children active has been recognised again this year.

I would like to wish you a wonderful half term break. We look forward to welcoming the children back to school on Monday 10th November, for all of the excitement that Autumn 2 will bring!

With best wishes for a wonderful half term.
