## A MESSAGE FROM MRS PREECE

Year 4 and Year 6 had a very exciting start to the week as they headed off to Young Voices in Birmingham. Singing in a choir with over 5,000 other children is an experience of a lifetime and I have loved hearing from all of the children what a great time they had. Thank you for representing our school so brilliantly!

Today we say a fond farewell to Miss Payne who leaves us for exciting adventures around the world! We will miss her greatly and thank her for all she has given to Kingstone during her time with us. Travel safely Miss Payne and keep in touch!

We also say a temporary goodbye today to Mrs Lumpkin who is heading off on maternity leave. We wish her and her family well and look forward to meeting the newest member of the Kingstone crew!

Mrs Preece 😊

## YEAR 2 NEWS

Year 2 have been exploring artistic expression this week. They have been working hard to mix colours and use them to create fantastic flower and tree pieces. They have also been using technology to express themselves in Computing lessons. The children have been using Chrome Music Lab to create songs using musical patterns and sequences to match a given feeling or situation.

## YEAR 4 NEWS

Year 4 have had a great time in science investigating how sound travels. They carried out an investigation to see if sound travelled best through solids, liquids or gases. They made string telephones and learnt that the string needs to be taut, in order for the vibrations to travel through the string and send vibrations to our ears.

The highlight of our week was the Young voices trip to BP pulse live in Birmingham. Along with over 5,000 other children, the children sang their hearts out to a huge audience. All staff involved with the trip agreed that the children were a delight to be with. Their behaviour was outstanding, their singing amazing and their energy levels impressive. Well done for such a busy but great week, Year 4!
