

Friday 14<sup>th</sup> February 2025

Dear Parents and Carers,

Our next Opening Minds Week will celebrate British Science Week which takes place between the 10<sup>th</sup> and 14<sup>th</sup> of March, 2025. The title of this Opening Minds week is 'Adapt and Change.'

Throughout the week, children will be taking part in scientific activities linked to the changes that are happening in the world around us, learning about how we change as we grow and about how we and other animals have adapted, and must continue to adapt, to suit our environments.

For one of the activities, children will be creating shoebox habitats that they will share with you during our celebratory showcase at the end of the week. To support with this, we are asking for donations of shoeboxes and other similar sized cardboard boxes. We will also gladly accept any other junk modelling materials that will enable us to display our learning about habitats and animal adaptations.

Please send all junk modelling donations to school with your child by the 7<sup>th</sup> of March.

More information will follow, but the showcase will be at 3:20pm on the 14<sup>th</sup> of March. We hope you can join us.

Kind Regards,

Mr Bull  
Year 2 Class Teacher
