

Monday 27th January 2025

Dear Parents and Carers,

In Year 2, we are learning about materials and their uses in our Science lessons this half-term. We have been busy designing contraptions to protect eggs when they are dropped from heights of one, two and three metres.

If you have any junk modelling items or surplus things that you think could help the children with this challenge, we would really appreciate them. These could include a variety of household materials, such as: cardboard, sponge, small boxes, fabrics, etc. Please send any donations to school this week. The big egg drop challenge will take place on Tuesday 4th February. We can't wait to share with you how we get on.

Kind regards,

Mr Bull

Year 2 Class Teacher
