

Kingstone Chronicle

July 2023

Sporting Inspiration, by Chelsea, Lexi, Katherine and Theo
Year 5

Chronicle Team Welcome

Although saying goodbye to this school is sad, making this final Chronicle edition has been great fun and we think you'll enjoy seeing what it has to offer - ranging from seeing what the classes have been getting up to, to crying with laughter at the hilarious jokes page, colouring the hours away, reading about how much fun Year 5 and Year 6 had on their London Residential, hearing about the summer games or maybe even whipping up some delicious treats with the baking page!

We hope you enjoy reading it.

Have a great summer,

From the Chronicle Team.

Chronicle Team 2022/23

Headteacher's Welcome

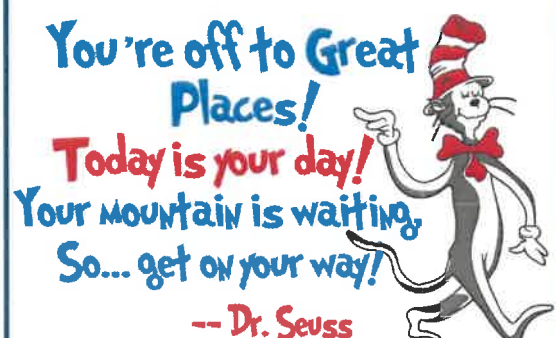

The end of an academic year always feels like a milestone that unexpectedly creeps up on us. At Kingstone, we pride ourselves on the number of opportunities and activities that we have on offer here, and this year is no exception. It is a time of reflection, and I could not be more proud of our achievements—from trips out of school, to events for parents, a fantastic Ofsted and exceptional SATs results—it has been such a successful 2022-23. It has been lovely to see the new Reception children enjoying their visits to 'big school', as well as talking to children across the school about the things they have to look forward to as they look to their next academic year.

Our current Year 6 children have had a brilliant final year of their primary journey and wowed us all this half-term with their end of year production. Through drama and song, they guided through their best bits, from the early days of getting to grips with school life, through the challenges of COVID, to the incredible highlights of Year 6. They have been such a fantastic cohort, and we will all miss them very much as they move onto the next chapter of their education.

The pages that follow give a snapshot of some of the key events that have kept us busy, and are a brilliant reflection of the fun we have had this half term! A huge thank you to this year's amazing Chronicle Team for the dedication and efforts—you've been brilliant! As always, this magazine is only a small insight into everything that goes on—I am always delighted to show off our wonderful school to visitors, so do get in touch if you would like to see first hand what we get up to.

With best wishes for a fantastic summer break—I look forward to seeing everyone in the new academic year.

Elissa Vigus

Reception Newsletter

Summer 2

Under the Sea

This half term we have shared stories about mermaids, sea creatures and pirates. We have also learnt a lot about different sea creatures, such as jelly fish, sharks and seals. We have searched for pirate treasure and drawn maps to find it. We have dressed up as pirates and made our friends walk the plank. Finally we have played in the new sand pit and made items in our new woodwork area.

We have progressed to numbers to 20, ordering the numbers, and working out if any are missing. We have worked out how each number to 20 is made by using resources. We have learnt to say if a number is more or less than another or if they are equal.

We have also had a fantastic sports day, the children had been practising all last half term and did themselves proud - true sports persons, congratulating their friends and sharing successes.

The Butterfly Zoo

We visited the Butterfly Zoo in Symonds Yat to see, close up, some butterflies. We were very excited to go on the bus. When we arrived we watched the information video and were then set free into the zoo. We saw butterflies feeding on banana skin and nectar, caterpillars eating leaves and some caterpillars in their chrysalis waiting to turn into butterflies. It was extremely hot in the zoo as the butterflies need it warm, afterwards we had a picnic under the shade of the trees.

Teddy Bear's picnic

We shared a Teddy Bear's picnic to welcome the new nursery children to our classroom. Unfortunately the weather was awful - there was a huge downpour just before the picnic so plans changed and we had an indoor picnic instead. Reception children showed their kind and generous nature by sharing the resources and playing with the new children. We were very proud of them.

Outdoor learning.

In the forest area the children have been learning how to make dream catchers; we cut fresh willow and weaved it into a circle. We then used wool to secure it and used the wool and natural objects we found to decorate it. We also completed some Nordic braids to turn into bracelets and splashed about in paddling pools to keep cool during the hot spell. We saw signs of rabbits in the orchard whilst we played games in there!

Summer in Year 1

We have had the most fantastic final half-term in Year 1. We have had so much fun learning about our topic 'Under the Sea'. We have loved thinking about the seaside, underwater animals and how to look after the oceans. What a super way to end Year 1!

In our writing sessions we have been imagining that we are at the seaside. We have been using our senses to write descriptions and included some fantastic adjectives! In our topic writing we have been thinking about how we have changed since we were babies. We realised we have learnt so much!

In maths we have been learning about the numbers 20-100. We have looked closely at how we can split these numbers into tens and ones. This has helped us add and subtract these numbers. We can now do some big additions and subtractions! We are really proud of our hard work.

We have had a brilliant time learning about our topics. In Art, we have been learning about the natural artist, Andy Goldsworthy. We have loved recreating our own natural art designs! We have also been learning how to follow an algorithm, as part of our Computing. We have really enjoyed using Scratch Jr.

In Science we were challenged to make a boat that floats. We had so much fun using the different materials.

We loved our visit from the gymnasts. We did lots of fun activities!

We enjoyed exploring the village and finding out about its history.

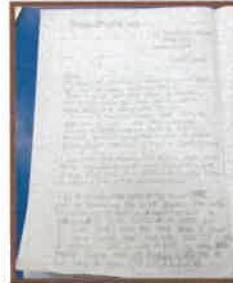

We are excited and ready for our next adventure- Year 2!

Year 2 News

At the end of their DT unit on fabrics and dyes the children were taught how to make their own tie-dye t-shirts. The children found tying the knots tricky but they all showed perseverance and managed to get the job done. Once knots had been tied in each t-shirt it was time to dip them into blue fabric dye. They then had to be patient as the fabric had to be left over night. It was then time to rinse then untie the knots. The children were thrilled with the results and have been proudly wearing their finished products in PE and Forest School.

The children have made amazing progress with the standard of and enthusiasm towards their writing. There is always a 'forest' of hands raised when I ask for volunteers to read out their work. The children are so confident at reading out what they have written and they listen respectfully to each other. They also love to share their work with others by displaying what they have produced and then walking around the class looking at the work of others. The children are always very complimentary towards each other.

In RSHE the children were looking at lifecycles and learning about changes that occur at each stage of life. To demonstrate their knowledge the children were challenged to create a 3d model of a lifecycle of their choice. They then had to explain their work to another group. Making and explaining the models helped the children to retain more of the knowledge into their long term memories.

The children love music lessons and have been developing their skills in accompanying music with percussion instruments.

To help improve knowledge of word classes the children filled an egg tray full of adjectives such as: hard, flimsy, blue, rough, brittle. They then went on a hunt in forest school to find items that matched.

Inspired by the animals and insects found in the school grounds the children each made a 3d model of an insect. Here you can see them creating the shape and then adding PVA and tissues ready for painting.

Whenever possible Year 2 take their learning out and about. On a wet PE day, they were lucky enough to be able to use the sports hall at the high school. The class also went to the high school to bake biscuits ready for their graduation ceremony. As part of a science topic on materials and their properties the children investigated which sticks are easiest to whittle. They used loppers to collect samples of ash, hazel and willow and then used knives to remove the bark. The children all agreed that willow was the easiest to whittle. The class had a wonderful day at Madley Environmental Centre. In the morning they went pond dipping and used identification keys to name their finds. Later they created their own 3d model with mud and sticks. In the afternoon they made their own natural paints and also went on a 'reflection walk', using mirrors to study the trees canopy.

Year 3

We have had a brilliant final half-term in Year 3. We have been busy getting outdoors to enjoy the weather and keep active. We particularly enjoyed National Fieldwork week in which we explored our local area and tallied up the number of new houses that have been added on to the village since we started school. We found out that there is now space in the village for more than 300 more people than in 2019!

Year 3 have been very active this half-term and have loved pushing their athletic abilities further when developing their long jump skills. We have focused on isolating and improving different areas of the technique and then combining these into some very impressive long jumps.

Year 3 have been working on developing our art skills this half-term with a focus on mixed media work. We studied the different textures and effects you can achieve through this varied medium before our focus artist came in to work with us to create a sky-scape using paint, glue and string. It was messy work, but so much fun!

It has been an absolute pleasure to be Year 3's teacher for this year. We have had so much fun and I am proud of every single member of this brilliant class. Have a lovely summer and I look forward to seeing you around the school in September.

Year 4

What a brilliant year this Year 4 have had. We have enjoyed Science investigations, artistic creations, a residential trip to Longtown, an afternoon tea and so, so much more! The class have been a brilliant team and I look forward to seeing what they achieve in Year 5!

Mrs Preece 😊

Afternoon Tea

Towards the end of this half term, Year 4 had a very exciting event to prepare for and enjoy! The class spent the morning at the High School kitchen making sandwiches and baking sausage rolls. In the afternoon they welcomed almost 60 parents and carers as their guests for

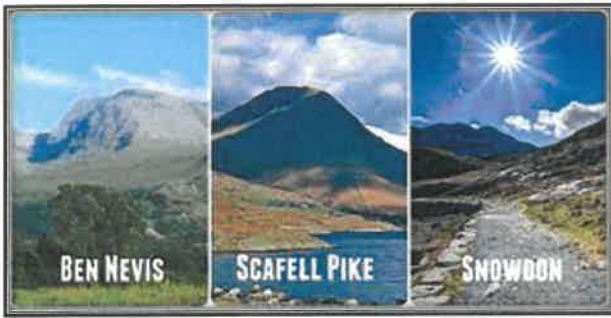

Afternoon Tea. The children thoroughly enjoyed spending the afternoon with their parents and carers - they chatted, enjoyed lots of lovely food and even sang and signed to them. Thank you to everyone who joined us!

Looking Ahead

We have been thinking lots about the next adventure that awaits us in Year 5. We also spent time thinking about how we felt when we moved in to Year 4. We decided that we would like to write letters to the current Year 3 children telling them about all they have to look forward to in Year 4. We hand delivered these letters to Year 3 – they were so pleased to receive them!

Geography

In Geography, we have been learning all about the United Kingdom. We have been using globes and atlases to locate continents, countries and capital cities. We learnt all about the 3 Peaks Challenge – some of us are keen to lace up our walking boots and give it a go!

Art and Design

In Art we had great fun creating our collages. The challenge was to use natural resources to depict a landscape. We used bark, different grasses, berries, flowers, soil and so much more! The final pieces were brilliant and showed a real likeness to the landscapes the children had sketched at the beginning of our collaging topic.

RSHE

Our RSHE topic this half term has been, 'Changing Me.' We have been thinking about when and why we might experience changes in our life and how this might make us feel. Without us knowing, Mrs Preece acquired baby photos off our parents which we used in one of our lessons. We compared similarities and differences from then to now. Many of us were astounded by many features that haven't changed! Do you recognise any of these faces?

YEAR 5 – Summer 2

Science- Properties of Materials

The children thoroughly enjoyed creating their own crystals in a jar - setting up their own experiments and ensuring that a variable had been changed to see how the results would differ.

*If you would like to make crystals at home, then follow this link:
https://www.stem.org.uk/system/files/elibrary-resources/legacy_files_migrated/22808-08_growing%20crystals.pdf*

Art & Design- 3D Structures

Their learning even took them outside, sketching elements of natural art around the school grounds, ready to incorporate these onto their future architectural structures.

The Year 5 children have learnt about Zaha Hadid and studied some of her 3D designs and creations.

Writing- Setting descriptions.

The children have worked incredibly hard to write phenomenal setting descriptions. The children self-edit their descriptions before allowing their peers to provide them with feedback and final editing. They are so proud of their learning!

The children who stayed behind had an equally amazing time; baking, visiting the park and completing fun art projects!

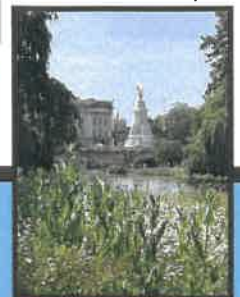

The children had such a fantastic time on their residential to London!

This half term has been jam-packed full of exciting experiences, celebrating achievements and enjoying the last moments of Primary School. Year 6 started this half term with a fun-filled time at London for their residential and some children stayed at school and had lots of exciting activities to complete.

It was amazing to see all the famous tourist attractions that London has to offer.

The children enjoyed visiting The National History and Science museums

Summer Sport

KS1 PE

Reception have been working hard in PE, showcasing their multi skills. They have been focusing on their kicking, throwing, travelling and receiving techniques. Year 1 have been having so much in their swimming lessons. Its been brilliant to see everyone grow in confidence. Year 2 were busy preparing themselves for sports day and focusing on their unit of athletics. They have not only focused on their individual races, but also worked as a team to practise relay races!

KS2 PE

Year 3 have been working extremely hard in their PE lessons to improve their long jump and triple jump skills. They have focused on jump combinations and have challenged themselves each week to improve their distances. Year 4 have enjoyed their unit of 'athletics'. They used their PE lessons to prepare themselves for Sports Day! Year 5 have also been focusing on an area of athletics, this being javelin! As well as this, they also have been showcasing their tennis skills. This half term Year 6 have had the opportunity to attend dance lessons at Hinton Community Centre. We are so proud of their hard work and performances!

We are super excited again this year, as we have achieved gold standard for our commitment and engagement in school sport! Brilliant!

Sports Slam

This half term we were lucky enough to receive some more free sports equipment, as part of the 'Sports Slam' initiative. Last year we received tennis rackets, footballs and multi skill equipment. This year we received new basketballs, rugby balls and dodgeballs!

National Sports Week!

National Sports Week is a fantastic opportunity to celebrate sport not only in our school, but also in the community! With this in mind, we had a week full of fun sporting activities for the whole school. We kicked off our busy week with Sports Day! Then over the course of the week we had visits from Hereford FC, Hereford Junior Netball Club, React Gymnastics, EG Fitness and Dance and Matt Hudd Martial Arts. Every class were brilliant and the coaches commented on how enthusiastic and determined all the children were!

Sports Day!

We had a super afternoon celebrating Sports Day! The whole school competed in egg and spoon races, obstacle races and running races. I was so proud of all the children for not only their participation, but their support for their class and other classes!

Summer Games

This year the Year 6 girls had the opportunity to participate in girls football, whilst eight Year 3 and 4 children participated in mini tennis!

We had such a wonderful day full of activities! Well done to all the children who took part. You represented KTPS superbly!

Our Year 6 girls also achieved 'Team of the Tournament'!

Sports Festival

This half term Year 4 had the opportunity to participate in a sports festival at the high school. They competed in indoor diamond cricket!

London Trip

This term, Years 5 and 6 went on a residential to London. We had great fun seeing Big Ben, The Tower of London and Buckingham Palace.

We were very lucky with our transport, we travelled on a Hereford Football Club away coach. We stayed in a hotel and loved sharing rooms with our friends. We went to the Science Museum and we went to the Natural History Museum. On our second evening, we watched Matilda in a theatre on the West End; it was amazing! It was so amazing to see all the sights of London, together with our friends!

twinkl.co.uk

A huge thank you to the adults—Mrs Vigus, Mrs O’Callaghan-James, Mrs Walker and Mrs Thomson, who gave up their time to give us a very hot, but brilliant, trip to London. We will remember it forever!

Guess what?

The people who didn't go to London had a great time with Mr Eckley and Mrs Drinkwater and lots more adults. They had fun making lava lamps and cookies. They had a picnic at seven site and they made paintings of mythical creatures!

Wellbeing Page

The summer holidays are almost upon us! For some, this will be a chance to rest and enjoy some family time, for others this can be a more difficult time.

Please take a look at these websites which are full of great resources that offer guidance and advice round a range of different areas such as mental health and wellbeing, parenting support and internet safety.

- ⇒ Family Lives
- ⇒ NHS—Children and Adolescent Mental Health Services
- ⇒ Internet Matters & Safety Net.org
- ⇒ Anna Freud
- ⇒ Young Minds

There are some free online programmes that parents can access during the summer holiday to support their child(ren) with their mental wellbeing.

This will encourage better understanding and promote healthy relationships in the home.

Available programmes include:

- Understanding your child (from toddler to teenagers)
- Understanding your child with additional needs
- Understanding your child's feelings
- Understanding your child's mental health and wellbeing

Understanding Your Child
SUKHMIH APPROACH

inourplace **NHS**

School's Out Take an emotional health check

Head into the summer with a better understanding of your child's brain development and their emotional wellbeing as you support them into their next new phase.

FACT
Our brains develop most rapidly in childhood shaping our emotional health and wellbeing for the rest of our lives.

HERE FOR YOU
Online courses developed by clinical psychologists can help you to understand your child, read their behaviour and help them look after their emotional health.

inourplace.co.uk

Understanding your child online course has been paid for by Herefordshire Council, so you can access it completely free using the code **APPLEHERE**

Short courses on Understanding the impact of the pandemic on your child or teenager also included.

Staying Active

When we're active, the body releases feel-good hormones that can improve our mood and boost our energy. Other benefits of staying active are:

- Improves behaviour self confidence and social skills
- Develops co-ordination
- Improves health and fitness.
- Can help to calm the mind, especially when dealing with difficult emotions like anger, frustration and sadness.

TALK COMMUNITY DIRECTORY

If you're looking for ideas to help you and your family stay active and entertained during the summer holidays, there's lots of different activities and events taking place across Herefordshire.

Take a look at the **"Talk community"** website, and search **"Summer holiday activities in Herefordshire"**

We are super lucky here in Herefordshire to have some of the most beautiful countryside in the UK! Take a look at the Herefordshire council website, where you can download a free route map with 15 circular walks in Herefordshire with a range of distances to suit everyone.

We have over 2000 miles of foot-paths to explore in Herefordshire

DID YOU KNOW?

Whatever you choose to do with the upcoming holidays, I hope you have great fun, make memories and stay safe. See you all in September!

Miss Chamberlain

History @ Kingstone

At Kingstone great importance is placed on children having an understanding of what has shaped our locality and why. Year 2 have been studying old photographs, gathering evidence from looking at the school building and land and by interviewing Mrs Gemmell, who has been teaching at Kingstone for 26 years.

Things the children have learnt

The parent's car park used to be a grassy area and there was a single track road that led to school. Because so many pupils now come to school by car a bigger road, footpath and car park had to be built. *Delois*

There was no KES at the end of the field but there was a huge oak tree. The tree was rotten so it needed knocking down. KES was built because there were so many small children. *Jaxen*

There was a fire in school in 2004, luckily no-one was hurt but the whole junior department had to be rebuilt. If you look carefully in dry weather you can see the marks on the field showing where the mobile classrooms were situated whilst the damaged classrooms were rebuilt.

Florence

Have you ever noticed the steps that lead to nowhere leading up the tennis courts adjacent to the cadets hut? Well the tennis court was the location of an outdoor swimming pool! Mrs Thomson use to swim in it when she went to the high school. She said it was freezing!

Do any of your parents or grandparents have memories of our primary school?
If so let Mrs Gemmell know as she would love to hear about them!

Green Team

In Green Team this term, we have been successful and been awarded the eco schools Green Flag! The Green Flag Award is an internationally recognised achievement for schools and nurseries committed to learning for sustainability.

Some of the things we did to achieve this award are:

- Made bird-feeders
- Added mini-beast hotels to the school grounds
- Made and added hedgehog houses to forest school
- Raised funds to purchase plants
- Made no-mow-zones
- Reduced use of single-used plastic
- Initiated recycling and re-use projects

'Thank you for submitting an excellent application. We have loved reading about your journey this year and have been impressed by how your Eco-Schools work has united pupils, staff, families and the wider community to bringing about so much positive and impactful action. It gives us great pleasure to award you an Eco-Schools Green Flag – congratulations!'

Eco-Schools assessors July 2023

We also had to write an Eco Code and share it with the school

Eco-Code

We will not waste resources or energy

We will recycle as much as possible

We will care for plants in our school

We will check in on friends who appear unhappy

We will dispose of waste in the correct way

School Parliament

In the final half term of the school year School Parliament have been very busy! The representatives from Years 4, 5 and 6 took a donation of food to our nearest food bank drop off point. The children were very excited to be helping our local community and it was made extra special as they got to spend some time with Mrs Vigus!

Our representatives from Years 1, 2 and 3 have also been part of an important community mission! They walked to Kingstone Surgery to present the staff with a thank you card, a box of chocolates and some biscuits. The staff were very grateful and commented on how nicely the children waited their turn to talk to the receptionist.

There is one final event that School Parliament are going to be involved in this academic year. On the very last full day of term we see the return of the Colour Runner which has not been held for a few years. On behalf of all of the School Parliament team I would like to say a huge thank you to everyone taking part and everyone who has sponsored someone, all of the money raised will go towards our lovely school.

Miss Evans

Star Writers!

Well what a treat for our final Writers' Tea Party of the academic year, as we celebrated a wonderful range of writing across the school! It was a pleasure to share the different pieces from across the school, and I loved how proud all the children were of their progress—I am very proud of them too. There were lots of children making it to the Tea Party for the first time, and we were delighted that Bartek earned his place before moving onto High School next year.

The standard of writing across the whole school has been incredibly high this year, and I am so impressed with the progress that our children have made. I can't wait to see what next year brings—there will be plenty more Tea Parties to come, so please keep writing over the Summer Break, everyone! A huge well done to all our Star Writers for this half term—brilliant job!

Mrs Vigus

Congratulations to these Star Writers!

Reception: Poppy—for lovely neat writing with independent finger spaces.

Year 1: Isla— for an excellent piece of writing about Rainbow Fish. Isla thought of ways to describe Rainbow Fish independently, comparing his character at the beginning and end of the story.

Year 2: Dotty - for writing an impressive letter all about herself

Year 3: Joshua—for his excellent colour poetry. He worked hard to present it well and included thoughtful similes and metaphors.

Year 4: Zion - for a brilliant piece of narrative writing based on a video stimulus. Zion has worked so hard on his handwriting and the content of his work this year and that really showed in his most recent piece.

Year 5: Leo— for a super setting description using a great range of noun phrases and prepositions to help him describe the beach.

Year 6: Bartek- for excellent progress in his writing throughout the year. His latest piece used great vocabulary, sentence structure and punctuation.

Hot Chocolate with the Head!

We've had another busy half term of Hot Chocolate with the Head! It's been lovely to have everyone together from across the school, all celebrating brilliant values and behaviour. Well done, everyone!

Arthur, Charlotte, Harper, Sam, Layton

Tobi, Bella, Lexi, Rhiley, Marion & Lily

Rex, Caitlyn, Harper, Seth, Jayden

Monty, Reilly, Mckinley, Lexi, Clayton

Oliver, Riley, Lucy, Lexi, Jack

Esme, Meisha-Mae, Amelia, Freyja, Daisy

Harper, Lewis, Ellan, Zofia, Amaya

Out of School Achievements

We've had so many brilliant achievements to celebrate this half term!

The Golden Table has been more full than ever with certificates, medals and trophies to celebrate in Friday's Celebration Assembly. We are really impressed by the range of activities that everyone has been getting up to out of school. Here are some of their amazing achievements...

Teds, in Year 2, has received a medal for his football!
Well done, Teds!

Thomas, Year 2, Has received a medal for football!
Congratulations, Thomas!

Robbie, Year 2, has gained 2 trophies in football!
Fabulous, Robbie!

Arnie, Year 2, has been awarded a trophy for football this season. Super job, Arnie!

Jesse, Year 1, received a medal in football!
Well done, Jesse!

Lexi, Year 3, was awarded a medal for trampolining and a trophy for football!
Brilliant, Lexi!

Leo, Year 5, received a medal and certificate for playing at West Bromich Stadium!
Great job, Leo!

Layla, Year 4, received 3 badges in Brownies
Brilliant, Layla!

Fae, Year 3, did some fabulous stitching at home!

Henry, Year 3, Received a trophy for football!
Fabulous, Henry!

Leo, Year 5, had a manager's players trophy for his football
Superb, Leo!

Jesse, Year 1, received a Man of the Match trophy in football!
Well done, Jesse!

Lilly Year 2, has received a medal for football.
Super work, Lilly!

Evie, Year 3, was awarded 6 medals for her swimming and a trophy for being the top 9 year old girl!
Amazing, Evie!

Skye, Year 3, Has received a medal and trophy for her cheerleading
Brilliant, Skye!

Lilly Year 2, has received a medal for football.
Super work, Lilly!

Bella, Year 1, has been awarded a certificate for Level 6 trampolining.
Well done, Bella!

Oscar, Year 1, gained a medal for his swimming level 2.
Well done, Oscar!

Daisy, Year 3, gained Bronze level 2 certificate in gymnastics!
Congratulations, Daisy!

Well done to Elis, Year 3, for his Man of the Match trophy in football!
Good work, Elis!

Angel, Year 3, achieved her Purple belt in Martial Arts!
Well done, Angel!

Well done to Izzy, Year 4, who has received a medal for her cheerleading!

Well done to Lexi, Year 3, she has passed her levels 8, 9 and 10 in trampolining!

Logan, Year 4, has been awarded his Purple belt in Martial Arts!
Fabulous, Logan!

Well done to Evie, Year 4, for receiving a gold medal in breast stroke and a silver medal in front crawl!

Aeryn, in Reception, has received her bronze certificate in gymnastics!
Superb, Aeryn!

Lottie, Year 5, received a pair of boxing gloves for her brilliant progress!
Well done, Lottie!

Jacob, Year 3, has received a trophy for 'Player of the week' by his coaches!
Amazing, Jacob!

Tommy, Year 4, has received a trophy for 'Player of the Year' in his football!
Brilliant, Tommy

Tilly, Year 6, received a photo for being 'first time goalie'.
Well done, Tilly!

Daisy, Year 3, gained her bronze level 3 in gymnastics!
Well done, Daisy!

Aimee, Year 3, gained her Bronze level 3 certificate in gymnastics!
Fabulous, Aimee!

Well done to Lexi, Year 3, for receiving 3 medals for her gymnastics!!

Skye, Year 2, has received a certificate in gymnastics, bronze level 4!.
Well done, Skye!

Lacey and Hattie, Year 5, received their 'Save the Bees' badge in brownies. Super work Hattie and Lacey!

Xavier, Year 5, has been awarded a medal in his football this season!
Brilliant, Xavier!

Well done to Lilly, Year 2, who gained her level 3 in swimming!

Well done to Joel, Year 3, for receiving 'Player of the Year' trophy in football!

You Are Fabulous!!

Thomas, Year 2, received his end of season trophy in football!
Well Done, Thomas!

Teds, in Year 2,
has been
awarded his end
of season
trophy in
football!

Fabulous, Teds!

Isla, Year 5,
received a
trophy for
taking part in
a football
tournament!
Well done,
Isla!

Jesse, Year 1,
has received
an end of the
season trophy
in football!

Well done,
Jesse!

Florence, Year
2, has received
a trophy for
'Player of the
Year' in his
football!
Brilliant, Tommy

Lexi, Year 3,
received medals
and a 'golden
glove' for goal
keeping
Fabulous, Lexi!

Mikayla, Year 1,
received a
certificate for
playing cricket
this summer!
Well done,
Mikayla!

Zion, Year 4,
received a
certificate for
playing cricket
this season
Well done,
Zion!

Well done to
Izzy, Year 4,
she received 2
trophies for her
cheerleading!

Well done to
Theo, Year 2,
for receiving a
trophy for his
football!

George, in
Reception,
received a Man
of the Match
trophy in
football!
Super work,
George!

Tilly, Year 6,
received a
trophy for
coming second
in a
trampolining
tournament!

Well done, Tilly!

Charlotte, Year 4,
has been awarded a
medal in his football
this season!

Brilliant, Charlotte!

Ky, Year 4, trophies for
supporters player of
the season in football.

Congratulations, Ky!

YOU ARE
AMAZING

HOMEMADE ICE CREAM

Step by step recipe

1. simply whip 475ml of double cream by hand or by electric mixer until stiff peaks form
2. then slowly drizzle in a chilled of sweetened condensed milk
3. add your desired flavourings or mix-ins
4. remove to an airtight container and freeze for 4 to 5 hours
5. last but not least enjoy your ice cream

How to make a sundae!

1. grab your home made ice cream and put some scopes in a bowl
2. put some flavoured syrup on top of the ice cream
3. then add toppings of your choice
4. last but not least enjoy your ice cream

By Lottie

Jokes Page

Why don't seagulls fly over the bay? Because they would have been Baygulls!

What does bread do on holiday? He loafs around and has fun!

What do you call a dog that's outside on summer day? A hot dog!

Why do fish swim in salt water? Because if it was pepper they would sneeze!

How can you tell that the ocean is friendly? It waves!

What is a frogs favourite cold treat in the summer?
A Hop-sickle!

What do you get when you combine a fish and an elephant? Swimming trunks!

What did the beach say to the tide when it came in? Long time no sea!

By Lauren
