

The Great Egg Drop Challenge!

Tuesday 30th January 2024

Dear Parents and Carers,

Linked to our topic learning, the children in Year 2 are invited to create and bring in an entry for our 'eggciting' challenge.

Children are being challenged to find a way, using recycled materials from home, to create a vessel that could protect an egg from breaking when it is dropped from the Year 6 balcony, to the playground below.

Children may use any recycled materials that they can find to create their entry. Entries should be brought into school from Monday 5th February and the challenge will take place on Thursday 8th February.

Each child will drop their own egg. We will see which eggs are still intact afterwards, linking this to our learning. We will be sure to update you of how we got on, on the class blog!

Kind regards,

A Gemmell

Mrs Gemmell
Year 2 Teacher
